16. What would you recommend South Weber City do to increase the quality of its recreational programs?

Text Response
na
i would drop them. this is not the responsibility of government to provide
Join South Ogden
none
We no longer have children in our house so we do not have anyone in the recreational program
Yes
More trails for horses, walking, biking OPEN UP THE CANAL ROAD, PLEASE!
They are NOT organized at all!!! We have started to look at other areas. The football shed is a mess, the soccer is nothing but a joke when they play it. No refs or you never know what field is what. The program is not good.
nothing at this time
N/A
Don't really care
I don't know we just moved here.
Have no experience with recreation programs so I have no opinion. My children aren't old enough yet.
Adult Rec offers
Improve timeliness of organizing Volleyball, t-shirts, it always seems to be so last minute.
put in a covered picnic area in the new park
Advertise them better.
Organize them better and hire a recreation director again. You need a FULL TIME staff to oversee the programs. Not just part time or youth. You need a recreation professional. Have their salary covered in part through the fees users pay.
I'm not sure since I don't have any older children
It just feels unorganized. I feel that if more effort (pay, etc.) was put forth from the city, the director would have more incentive to make it thrive. We have actually tried other city leagues in the last year and were impressed with the organization of everything from games, scheduling, referees, etc.
I would love to see some sort of running program
Increase the number of programs
Better coaches and more organization on the recreation director. We had no idea when games were or where or what was going on and never had a referee.
have more structure in the coaching and refing.
add a swimming pool
Parents need to know what nights the games will be played BEFORE registration. I need to plan my schedule and my daughter's.
Better communication between coaches, rec workers and parents.
Soccer, not organized at all. Football and Basketball seem to get more attention. Very frustrating. Perhaps you need one specific person over each sport and get someone for each sport that really likes that sport. Would like to see Girls Lax program too.
Organization is key and more notice would be helpful. I'd also like to see more leadership from the City in the Tackle Football. I feel the Coaches are given free reign on fundraising and they are not required to be accountable for funds collected. I feel like it should be more streamlined within the teams.
Offer sports clinics. Let the kids come work on and improve their skills outside of playing a game. Not priced ridiculously either.
have qualified volunteers as coaches
Upgrade football equipment. Helmets, shoulder pads and pants are in disrepair.
put more time and effort into programs other than football
Spend more money on these programs than say, building city halls etc. The fields need to be maintained and equipment kept up.
More notice before first game starts.
nothing
Better Rec Center
No opinion.
Bigger gym!
knowledgeable support staff.
Needs to be more organized.
I'm satisfied
Soccer is a joke! T-ball was a joke!! They need to start teaching kids how to play and not let 3 year olds play with the Kindergarten kids, etc.... with all the sports. We only visited the Rec Ctr for the basketball games, which have been very good.
Better communication between staff at the desk, the director and the patrons.
no suggestions
Better announcements of when to register for what sports, more diversity of sports and activities offered, and better planning and organization overall.
Keep score of the games for the younger ages, they have to learn to win and lose at some point
smaller teams, more advance notice and information on games times/days, more sports - tumbling, etc.

???????

Better refs!!!!

timely information

No Opinion

A little more organization and getting information out better.

More variety.

Better communication from the city better organization. Families and coaches need more than 48 hours notice before the first game of the season.

More communication of information of programs available.

add a pool for swimming

I have no opinion

More involvement with other cities programs.

I have no children in Utah.

Communicate a little better so we know what is going on.

Make some sports more competitive, like soccer and baseball.

Coach training on interaction with the kids - Too angry with the kids

Sign up online

Keep the fields in better shape. And the rec center needs better lighting and heat in the winter. Its hard to enjoy a game when you're freezing to death.

I think we have good programs in our city

N/A

Develop walking paths and bike trails.

check birth certificates and place on fair balanced teams by age not by grade. There are many people who hold their kids back in school and this gives them an advantage in sports if they are placed per grade. It should be placed by age, birth certificate.

Needs to include tennis courts and a tennis program.

more classes for adults

?

make sure the schedule on the website is always updated

Have the parks maintenance crew take an interest in how our parks look. Make the ball parks look like ball parks.

No opinion

N/A

I do not have an opinion on this issue because I do not participate in the recreational programs.

No opinion

Develop the city with soccer field/complex in mind. This sport is so prominent in Utah now and the only fields supplied to the community are football or baseball. There are many tax payers who's children are involved in soccer.

nothing

Put in a pathway for bikes, joggers and walkers along South Weber Drive

double check the cost and have more programs

I'm not sure, from what I hear they are decent as they are

OPEN THE CANAL TRAILS FOR WALKING AND HORSES AND BIKES

Coaches didn't contact my daughter when they were having practice or not. Poor communication.

I have not idea

Make teams more fair, not so one sided

Give more information out when it is starting and when and where the games will be played. Try to build up the girls softball teams. If not there will not be a very good softball team at Northridge.

No opinion

Stop supporting city operated sports! what a waste! there are already school and public teams for kids to join, the city just listens to a few of the loud mouth over competitive wanna be jocks! get a full time cop to patrol the 25 mph roads, add more city lighting, more sidewalks, get a cross walk for the new school, a new city sign!!

We don't participate, but I believe youth recreation programs are positive for all of society.

decrease the number

No opinion. No one in household that age

more organization and communication to participants

I think more organization at the start would be great. I usually have to call and find out when it starts, whose team we are on, etc. It would be great if they could call us, and earlier so we can plan.

Defiantly the programs and employee's need to be more aware of time constraints put on any type of practicing. Seems like teams are put together at the last minute with not enough practice time given.

more planning/organization. We signed our girls up for youth soccer. There were no coaches or refs half the time. Parents organized everything. We paid \$30 per child for a t-shirt.

23. In your opinion, how could \${q://QID41/ChoiceGroup/AllChoices} be improved?

Text Response
na
the snow removal is the worst. I can drive to other towns and there streets are cleared much faster.
Keep the roads clear from building supplies, rvs ect. City employees driving around should enforce city ordinaces
none
I thinks it's ok
No comment
FREE RECYCLING is VERY important to me!
They need to inforce the NO PARKING on Streets. We have a neighbor that always parks their cars on the street and NOTHING is Done.
Finish paving South Weber Drive in Town
N/A
More street sweepers, better snow removal, get employess out of the trucks and picking up garbage along the roadsides, fix the huge potholes
Don't know
No issues with these services
culinary is very hard in south weber
include recycling program
repave some of the pothole roads
Street snow patrol should try to plow before or after most people leave for work and school so that people are not blocked in their driveways when they need to leave.
Better information and communication from Public Works about projects, and how and where you are spending our tax dollars. We want to know what you are doing and what plans you have.

I don't know
I paid for a full summer of water and it got shut off a full month before it was up and I never got reimbursed and my grass died severly. Very poor management here.
allow for recycling cans to be picked up free of charge
dont shut it off 2 months earily
Don't Know
Seems good to me.
no flouride???

dont have an opinion
More street lighting
Curbside recycling!!!!!!
We really need to figure out how to get more flow to our homes. We cannot flush to ilets at times due to lack of pressure. THis is a huge problem.
Cheaper costs- we pay a fortune to this city
it is ok
?
Poor value for what you pay.
I called the city about the river that puddles in front of our home but they fail to do anything about it.
no opinion
Streets need to be repaved.
No thoughts
PRICES ARE 2 HIGH!! We pay more than any other city! Why?? That would be a good thing to address in the newsletter!! I have heard that we are paying the manager who doesn't even live in the city.... hmmm - Why would he care what is going on??
.
sweep up the gravel in our circle not just move around.
I think it's great
recycling options would be great to have
cleaner water
Streets are in disrepair on South Weber Drive. Many bumps from construction. Charter school construction, etc.
It's fine

sidewalks and curbs and gutters. 1250 E to the school needs sidewalks on both sides and curbs and gutters. parents park on only sidewalk, since there is no curb to stop them.

repave south weber drive to sidewalks on both sides. add sidewalks where needed. improve road to elementary school.

Keep water clean and lines from leaking. Pave all of SW Drive. Complete side walks and gutters.

no suggestion

Better roads

None

Streets that are repaired break down quickly like we have sink holes everywhere.

lower the cost, we pay double then another city. 40 per month in Roy, Clearfield, sunset, etc. includes garbage sewer and water. it should not cost an extra 40 for secondary. I understand your paying for the activity center and maintaining schools, parks, etc. but that should be from the cost of property taxes.

Things are OK now. Should work on cost control.

none

The hard water ruined my dishwasher in three years. Buying a softener with tax refund.

Some streets could use some improvement.

Cheaper

Bring the cost in line with other cities around the area. Way too high!

Remove fluoride from water, this would be better for our health and save money.

Don't turn our water off so early. All our grass died. Makes the city look very unkept.

I didn't like the fact that our secondary water was turned off so soon when there was water being sent to the Great Salt Lake our lawns could have used that instead of it being wasted.

Repave Cedar Loop Dr to get rid of all the bumps and dips.

Streets are rough. Water is fine.

don't turn off sprinklers early.

We occasionally get back ups from the drain/sewer. Needs better drainage.

Need a recycling program

?

keep up on the street sweeping. the wind just always seems to blow garbage around

Way too expensive! Really didn't need a paved highway to water tanks, try to save the taxpayers some money. Rates are just too high.

I wish that they had a recycling garbage can along with pickup through south weber instead of going outside of town.

No opinion.

Less expensive!

?

The billing/ meter seems to be off on the water. Some months I use 10,000 gallons and am charged the next months it says I use 4,000 gallons.

Every year we have the same issues with snow removal - it doesn't seem to help to ask for improvement.

seems like you are doing a very good job at handling these areas

They are all doing a superb job

recycling bins are needed! Not just 1 big one (like before) but several bins so we can separate items!!!! WE NEED FREE RECYCLING

We need curbside recycling.

The storm sewer drains could be kept cleaner

more snow plows

Have a recycling garbage option. Now I pay \$10 a month for only two pickups in the month. I think more people are recycling and it would be a great thing to have!!!

Street plowed sooner, culinary water taste improved- we drink bottled water or filtered water due to the taste

our main roads are a series of holes, bumps and uneven surfaces. Every time work is done on the road, the crew doing it leaves a very large uneven scar that makes our main street look like temp road in a new construction site! Fix it and require crews to honor their work when it sinks or is so uneven! Garbage collection needs to be later in the day not 6 am! if we leave it out, the wind will knock it over so we have to take it out so early... i hate that :-)

South Weber Drive needs bike lanes.

fix the streets

No input

snow plowing done in more timely manner

?

Collection of money? I think you give everyone an honest amount of time and ways to pay their bill.

My meter went bad last year. I got a bill for the overage based on the bad meter reading. the city replaced my meter but did not refund the over charge. I called the city, they said i would not get a refund until there were two consecutive bad readings. the meter was replaced before i could get two bad readings.

better billing and better grace period. Also better communication to residences

South weber needs to have a bike lane on south weber drive, or a paved bike trail on the canal road.

25. You reported that you feel like safety could be improved in South Weber. In your opinion, what could the City do to make you feel safer?

Text Response
We need our own EMT based here in South Weber. My neighbor had to call the ambulance for a emergency and it took over a half hour for Laytons Ambulance to get here. Same goes with if someone broke into my home there are no cops based here and its scary to think the damage one could do before help arrived.
Not sure. My ATV trailer was stolen outside my home in the middle of the day. Not sure what could have prevented it other than a better lock.
Police are rarely seen in the City. We need more patrols at night and less speed traps during the day.
Street lights, stop signs
More street lights
To o many people with big dogs that attack. (pit bulls) Yes, there have been multiple attacks in our neighborhood and surrounding streets, with little to no support from animal control, sherrif, community, etc. I can't walk around the neighborhoods with my kids in a stroller, because I'm afraid we won't come home.
TICKET the teens driving 75 mph down roads with bus stops!!! Add better lighting to streets. Have a city sponsored Neighborhood watch that is atleast as visible as the CERT program! We need more police presence, not just witing tickets at the mouth of the freeway, but in the city streets where the kids are at. The city has been to tally ineffective and has neglegently put our children at risk! Davis county is fine on response time, but we need a visual deterant, a police presence that we know is driving patrolling OUR streets at night!!! As the economy get worse, crime goes up, and we arent ready for it! We're easy targets without lights or police or even a neighborhood watch!!!
newer fire trucks, better staffing of police and fire,
More Sheriff presence, Cross Walk and school zone signs on SW drive at the charter school. Kids are not safe on that road

**30.** Why were you not satisfied with the response you received from the South Weber City office?

Text Response	
I have tried to phone Rodger worthen in the past regarding various issues. I phone calls were never returned. How do you think I now feel about my city Government, not good at all. I have also asked about an issue to be brought up with the city and the issue has been put off until april	
Slow to respond. Can't get a response from some staff members	
The Eye rolls in the office and also the parks official response to community complaint about the Water issue in the park. This is ongoing every year and one year they had it just right and then a new park guy comes in and changes things. The office answer is again eye rolling and not helpful. This is again every year thing and too long to explain again.	
No I had to leave a message for a girl that wasnt in the office twice and she never got back with me and the girl is there only on certain days and no one else could help. Very disorganized. If a place is going to be open. Then open and help everyone.	
never returned my call	
it was a recording	
Lack of response of person at front desk	
Didn't get a call back and did not get the gutter issue resolved.	
Mark in public works was unwilling to help, and treated my comment with disrespect	
They blew me off even though what I was concerned about with a neighbor was illegal what was going on	
I didn't feel the staff was knowledgeable or willing to help. I felt I had put them out.	
My daughter presented to city council last year on the possibility of starting a curb side recycling program. When she was done the Mayor stated "OK thank you". It was never brought up again. Although every resident she spoke to but 2 (out of 75) were interested in recycling nothing was done. I feel they totally disregarded her request.	
Felt as if I was brushed off. Barely any response.	
They say over and over that there is no plan to have curbside recycling. They don't even discuss it.	
The staff seems to not care about the citizens. They feel they are the Kings and what they say goes. They never take the time to consider that sometimes they may have wrong information or the computer may be incorrect. Pay Water bills and not giving us at least 30 days to pay is a little crazy as well.	
City employee's didn't believe what was wrong. They lied to myself and my husband about how they were going to fix the issue and never did. I had to retrieve other means of help. City employee's need not to be of any type of relations to those living within the city. This will help with covering of lying to benefit someone else and helping those who actually need it. Also, I dont like seeing our trucks driven throughout all other towns and local communities.	
The People working for the city feel like its not their job to help you. Also they do not do any extra for you.

more complete information about city meetings! This needs to be on the home page not buried and should be summarized not kept in the city lingo. Either the city wants us to know what is going on and who is requesting or denying what... or you dont. Yes, if that means spoon feeding us, so that we can understand the value our leaders are providing, then do it!!! showcase our city for business development, intice businesses, show off our parks, our local business (sm home business) brag about our fire dept... all i can do now is sign up for a team sport!! I cant even reserve a park's bbq area! Everything in the news letter should also be reprinted, not just a link to the newsletter! this is our city's public face, if its too much to ask, get city volunteers to maintain it

Include Farmer's Market
the little miss pagent need to have computations not pull name out of hat the best should be the winner!!!!
It's fine the way it is
Get rid of "Lets make a deal" and spend the time, energy and MONEY on our city. If the Council, Mayor and City Manager spent half that energy on improving services in the city - Maybe we would actually have some economic development going on!
more things for little kids

love all of it and the new things that have been added, talent etc
More organized for Youth Anything Goes
Leave it awesome as is...
Keep doing the traditions... The kids games on Saturday was really unorganized or something to tell all of us to come at the same time and then kids waiting HOURS to play... was not the best idea!
I did volunteer hours of work on the Youth Anything Goes program and the events signup. All online assignments is best, what a waste of time to sit at the Rec Center. shorter make a deal game.

I LOVE CFDs!! im proud of it and brag about it to my family and friends! Again too much focus on the sports , add contests like cooking, dutch oven, chilli, cookies, gardening, have service projects to beautify or support our city. Have events at other parks to bring in locals

In the past it has sometimes been unorganized but this year it was fantastic
Smaller amount of days. The time is spread out too much and takes too much money
KEEP deal or no-deal

Bike race on the same day as the foot race. Maybe a 20 mile ride through south weber and unita.
The fun run kid K needs to be done in age groups. Several children were hurt, including my daughter who suffered severe cuts and bruises on her face and knees after she fell down and was practically trampled until we got to her. It is very unsafe how it is run currently.

Our block does not have a block captain. I would be like to be one, however my husband who is a first responder doesn't think it would be a good idea. Have specific safety meetings with our block captains.
